Education

MJP Rohilkhand University, Bareilly, U.P. Aug 2023 – May 2027
B.Tech in Computer Science & Information Technology (Current CGPA: 8.14)
Gyan Kunj Senior Secondary Academy, Ballia, U.P. Apr 2020 – Apr 2022
Intermediate with PCM (Percentage: 95.8%)

Technical Skills

Languages: C++, Python, Java, SQL, JavaScript, TypeScript, HTML/CSS
Frameworks & Libraries: React.js, Node.js, Express.js, MongoDB, Tailwind, ShadCN, Pandas, NumPy, Matplotlib
Developer Tools: Git, Vercel, VS Code, Visual Studio, cPanel, Render
CS Fundamentals: Data Structures and Algorithms, DBMS, Operating System, Computer Networks

Experience

Codevirus Security | Full Stack Developer (Intern) May 2026 – Present

- Mentored junior developers and implemented standardized code reviews, accelerating project delivery by 20%.
- Handled end-to-end deployments on **cPanel** for 4+ client websites, maintaining 99.9% uptime and cutting average deployment time by 25%.
- Refactored 500+ lines of legacy code and resolved 20+ critical bugs, reducing system crash rates by an estimated 30%.

Open Source Contributions

Open Source Contributor | Target Org: AsyncAPI Jan 2026 – Present

- Resolved open-source issues by proposing and implementing technical solutions within the **AsyncAPI** and **Rocket.Chat** repositories.
- Analyzed repository architectures and collaborated with maintainers to draft project proposals for **Google Summer of Code (GSoC) 2026**.

Projects

Developer Portfolio Web Application | React.js, Tailwind CSS, Framer Motion, Vercel Jan 2026 – Feb 2026
Live Demo: divyanshu-tiwari.vercel.app | **GitHub:** github.com/divyanshu-tiwari22/portfolio

- Created a personal portfolio website with **React.js** and **Tailwind CSS**, scoring 98+ on Google Lighthouse for both performance and accessibility.
- Added page transitions and animations using **Framer Motion** to make the site more interactive and easier to navigate.
- Configured CI/CD deployment pipelines on **Vercel**, ensuring fast page loading speeds and seamless zero-downtime continuous updates.

CV Assessor | Python, Streamlit, PyPDF2, Llama 3.1-8B Dec 2025
Live Demo: ai-resume-analyser-dgz8.onrender.com | **GitHub:** github.com/divyanshu-tiwari22/CV-Assessor

- Built a real-time resume analyzer using **Groq API** and **Llama 3.1-8B**, delivering actionable career feedback in under three seconds.
- Scripted a **PyPDF2** extraction pipeline to clean unformatted text from multi-page PDFs, achieving 95%+ accuracy on non-standard layouts.
- Developed a **Streamlit** dashboard, testing the upload pipeline against 30+ varied resume templates to ensure edge-case reliability.

bg.removal | React.js, Node.js, Express.js, Clerk Jul 2025 – Aug 2025
Live Demo: bg-remover-three-theta.vercel.app | **GitHub:** github.com/divyanshu-tiwari22/bg.removal

- Built a **React.js** and **Node.js** app that handles 5MB high-resolution uploads, stripping backgrounds in under five seconds via the **Clipdrop API**.
- Designed a drag-and-drop UI to minimize user friction during the upload, preview, and export pipeline.
- Implemented custom background replacements and color swaps using **React** state management to enable real-time image editing.

Achievements

- Specialist @ Codeforces (1410 Max)** [\[Profile\]](#)
- 2★ @ CodeChef (1486 Max)** [\[Profile\]](#)
- Oracle Cloud Infrastructure 2025 Certified AI Foundation Associate** [\[Certificate\]](#)
- Attended SSB Interview Conference for Defence Services
- Represented MJP Rohilkhand University in North Zone Basketball Championship
